THE GREEN AND OPEN SPACES PLAN

THE KNOT

We want to transform the military barracks into a public meeting place where the residents of Bathurst can come together and experience a unique urban culture in its different forms. The courtyard will be a flexible space which can be used for various activities and events and for daily relaxation. The buildings themselves will accommodate different functions and be the meeting place of all forms of art. A central meeting path going through the old buildings and the courtyard will be a link that ties together the culture with the green areas of Bathurst. The meeting path, the courtyard and the buildings together form a meeting and lively cultural platform for the residents of Bathurst.

THE KNOT IS THE PATH WHICH
LEADS YOU THROUGH
THE CULTURAL EXPERIENCE
